used as a form of payment compared to debit/credit card or cash being used as a form of payment.

-Payments and Refunds

-Invalid and Fraudulent transactions

A transaction will be invalid if the underlying transaction is illegal or if the Merchant fails to adhere to the terms of this Agreement in relation to a transaction.

A transaction will be un-authorized if the underlying transaction was processed through a Pay Terminal that utilises a certificate that was not issued by Sticitt or that has been issued for a different Pay Terminal.

Sticitt reserves the right to disregard un-authorized, invalid and fraudulent transactions or duplicated transactions, subject to confirmation and disclosure by Sticitt that the transactions are invalid.

-Authorisations and Refund Procedures

Until a Sticitt Pay Account is blacklisted, cancelled or blocked by Sticitt, Sticitt shall be obliged to pay the Merchant in terms hereof for all Authorised Transactions, less all applicable fees as agreed to between Sticitt and the Merchant that took place irrespective of any dispute between Sticitt and the Account Holder. Paid transactions do not warrant that the person presenting the transaction through the Payment SDK or Pay Terminal is authorised to do so. It merely confirms that sufficient Sticitt Pay credits are available in the Account Holder's Sticitt Pay Account. If the Merchant agrees to furnish a refund to an Account Holder, the Merchant must electronically, through a Pay Terminal affect such a refund by reversing the transaction within 48 hours of the successful transaction that gave rise to such refund. Following this time the Merchant must arrange any refund

directly with the Account Holder. No cash refund may be made by the Merchant to an Account Holder.

Relating to Pay Terminals, the Merchant can perform refunds to Account Holders by deleting transactions performed at a specific Pay Terminal through that Pay Terminal only and must do so within 48 hours from the original transaction date. Such a refund procedure will transfer Sticitt Pay credits from the applicable Merchant's Sticitt Pay account to the relevant Account Holder who performed the original transaction. Any charges as part of the original transaction by the Account Holder at the Merchant will remain and will not be reversed as part of the refund process.

-Certificate of Balance

In the event of any dispute concerning the amount of any monies payable by a Party to the other under this Agreement, a certificate as to the amount due and payable, audited and signed by the auditors of Sticitt shall be prima facie proof of the amount owing.
